

SECURING HOME & WORKPLACES SINCE 2007

Looking after what matters to you

For over 18 years, families & businesses across Brisbane, Gold Coast, and Sunshine Coast have trusted us to keep them safe. At Foxtone Andy's CCTV, we don't just install security systems — we help you feel confident that your loved ones, property, and livelihood are protected day and night. With reliable, fully insured installations and a team that genuinely cares, we're here to bring you lasting peace of mind.

COMPREHENSIVE SECURITY SOLUTIONS

Every property is unique, which is why we design tailored systems to fit your needs — from family homes to busy offices and large commercial sites.

SECURITY ALARMS

Deter intruders before they act with smart, responsive alarms.

- Wireless and motion detection systems for rapid response
- Customised setups designed around your lifestyle or business operations
- Installed by licensed, experienced security professionals you can trust

CCTV SURVEILLANCE

See what's happening anytime, anywhere with crystal-clear coverage. As the official Australian distributor of AVTech Taiwan CCTV, we provide:

- HD cameras (5mp to 8mp) for reliable coverage of any property size
- Push-video alerts with PIR detection (99% accuracy) — notifications only when it matters
- Motorised cameras with remote zoom & pan, all controlled from your phone
- A 2-Year Instant Replacement Warranty for total peace of mind

PROTECTING HOMES & BUSINESSES SINCE 2007

Looking after what matters to you

INTERCOM SYSTEMS

Answer your door with confidence and control every interaction. With world-leading Aiphone intercoms, you can choose from:

- Simple audio systems for everyday convenience
- Advanced video entry for extra reassurance and safety
- Sleek, intuitive designs trusted by homes, apartments, and businesses worldwide

ACCESS CONTROL

Stay in control of every entry point — and know exactly who comes and goes.

- Reliable systems designed for residential and commercial use
- Easy tracking and management of access at all times
- Scalable solutions that grow with your security needs
